

## Logan International Airport

### **Key Contact:**

*Name:* Andrew Hargens

*Title:* Chief Development Officer

*Email:* AHargens@massport.com

*Phone:*

*Address:*

*Website:* [Massachusetts Port Authority](#) | [Massport](#)

*Nominator:*

### **Project Vendors**

- Banker:
- Law Firm:
- Construction:
- Architect:
- PR:

### **Jobs Added:**

Total of 8,400 jobs (direct +indirect +induced)

### **Demographic diversity of the new jobs created - % based on gender and race and % of in-state versus out-of-state hires:**

The project resulted in construction work performed by minority workers at 9.77% and 4.23% by female workers.

### **SF Added:**

Nearly 400,000 new square feet.

### **Facility investment:**

Total approximate \$800 Million

### **Status of the expansion project (if completed, when):**

This project was completed in the summer of 2023.

### **Does that company have a social impact with community involvement/philanthropic efforts?**

Yes, Massport is deeply committed to the success of our surrounding neighborhoods, and we strive to be a model for how airports, seaports and their neighboring communities can work together to address challenges and create opportunities, from our ongoing collaboration with neighborhood residents, local organizations and elected officials to the Massport Community Advisory Committee.

### **Does the company have internal/external equity, diversity, and equity practices?**

Yes, we have a robust DEI program, promoting women-owned, minority-owned and veteran-owned businesses to participate in opportunities throughout our facilities.

### **Can you describe the work that your company does at the new location?**

Terminal E is Logan's International Terminal. In 2023, Logan served over 40 million passengers, and 8 million flew internationally. These additional 4 gates give customers more space to relax before their flight while making operations more efficient for the entire terminal. Today, passengers can connect to 59 international destinations, to more than 30 countries on four continents.

### **Do you have other Massachusetts locations? If so, where?**

Yes, Worcester Regional Airport, Hanscom Airfield, the Flynn Boston Cruiseport, and Conley Container Terminal, among other real estate in South Boston, East Boston, and Charlestown.

**Company Profile:**

The Massachusetts Port Authority (Massport) is *Powering What's Possible* in transportation safety and security, customer service, and environmental management to drive economic growth in the Commonwealth by getting people and businesses to the places they need to go. We're advancing Massachusetts' working maritime tradition by protecting thousands of good-paying blue-collar jobs connected to the Port of Boston. And we're demonstrating our commitment to being a good neighbor to those who live and work near Massport facilities by strengthening our community engagement efforts. Every day, we strive to be a good steward of a great Commonwealth.

**About the Project:**

Boston Logan Airport's International Terminal, Terminal E, was originally built in 1974 with 12 gates. International travel is essential to the regional economy, and allows Massachusetts and New England residents, students, families, and businesses to enhance their connections across the globe.

International travel makes up 20 percent of our annual passengers. We recently completed four new gates in Terminal E to support the increased operational demands and create a better and more efficient travel experience.

The \$800 Million project created a resource-efficient terminal that is comfortable for both passengers and employees. The design, with its dramatic red roof, improves the terminal's overall energy efficiency and we anticipate LEED Gold certification.

The space now has more amenities for passengers, including natural light, new restaurants, as well as a state-of-the-art security checkpoint. We also built a Sensory Room, making Logan one of few major U.S. airports with one.

The project was started in the spring of 2019 and completed in the summer of 2023.
